JULY 22, 1998

IN RE: Mark W. Erwin, Riverhills,)
 and other Lake Wylie Consumers,)
 Complainants,)
)
 vs.)
)
 Carolina Water Service, Inc.,)
)
 Respondent.)

ORDER *JWR*

By Order No. 98-384, dated May 27, 1998, the Public Service Commission of South Carolina ("Commission") instructed the Commission Staff to file with the Commission within sixty days a report which separated the net plant investment of Carolina Water Service, Inc. ("CWS") into individual services areas. The Commission requested this information in order for the Commission to make a determination regarding the appropriate level of impact fees as the issue of impact fees was raised by complaint and hearing in the above captioned matter.

The Commission Staff requested CWS to provide the information as described in Order No. 98-384. In response to the Staff's request pursuant to Order No. 98-384, CWS submitted a report which allocated costs by number of South Carolina customers. The Commission is of the opinion that the information supplied by CWS does not comport with the information requested by the Staff pursuant to Order No. 98-384.

Therefore, the Commission instructs CWS to file a report providing actual original cost information as it relates to net plant investment by specific serving area. The information shall be provided in a true cost format. Further, the report shall be filed with the Commission before 12:00 p.m. on July 31, 1998, so that this matter may be posted on the agenda for the Commission's weekly meeting.

IT IS SO ORDERED.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Acting Executive Director
